

We hereby certify that

Pavel Tichý

has participated in the event "**LevelUp** - accelerating change", which has taken place in Brussels (Belgium) from 28 to 29 October 2022.

LevelUp! is a youth event that has gathered more than 1,300 young people from all around Europe with the main aim to provide space for development of skills that change makers need to accelerate change in their local communities. The participants had the opportunity to network, learn and get to know more about how they can strengthen their impact in society.

The event was the flagship event of the European Year of Youth, organised as a partnership between the European Commission, European Parliament and European Youth Forum.

During **LevelUp!**, Pavel has participated in **up** to 8 capacity-building workshops spanning the areas of advocacy, communications and community organising and has assisted in plenary sessions with high-**level** speakers who discussed the role of youth in political participation and social change. Moreover, Pavel has had the chance to meet and network with other young activists from all around Europe.
